## May, “Springing” into Summer

May is the third and last month of the season of spring. May is the fifth month of the year in the **Julian** and **Gregorian** calendars. Its length is **31** days. May is a month of spring in the **Northern Hemisphere**, and autumn in the **Southern Hemisphere**.

The United Kingdom celebrates May as **National Smile Month**. Our teams celebrate by providing **quality service with a smile**. The Clean Sweep Team fosters a positive and cheerful environment. With the **beach** as our office view, we have much to **smile** about. As **The Eastern Shore Vacation Rental Specialist**, we are pleased to provide your guests a quality experience. It's in our nature.

To prove it, here is our President, **Brandon L. Parsons**, pictured at **age 3** smiling. With his toy vacuum in hand, ready to clean up his mess. We were truly born for this!

Photo Credit: Aunt Susan D.

**\*Fun Fact\*** Brandon has always been a fan of a good vacuum cleaner!

***“Do it right the first time and you won’t here from me” - Ann L. Parsons”***

**Ann L. Parsons  
(1960-2019)**

***“One call, we clean it all.”  
Ann L. Parsons***

Our founder *Ann L. Parsons* began The Clean Sweep Team in 1998 with a vision. Initially cleaning just four properties in the Century 1 building, a reputation was born. That reputation produced a larger clientele which comes with a greater expectation. Keeping our founders' vision in mind and innovative operations, The Clean Sweep Team is dedicated to exceeding those expectations.

Ann's son Brandon, has worked alongside her since the age of ten. Picking up when it was time for her to take rest, Brandon has grown the company into what we know for sure, Ann is proud of. Ann demonstrated the benefit of owning her own School Bus, and being in business for herself. Brandon has mirrored his mother's success, by following her footsteps.

**Clean Sweeper #16 has been updated to reflect how much you both mean to us. We miss you!**

I speak for the team when I say we love and miss Team Dad and our biggest supporter, *Richard, “Ricky” J. Parsons*. Although they were legally separated, he remained Ann's biggest supporter, always there to help when needed. Mr. Ricky was a leader on the team, available to teach, assist or put a smile on our face. We miss him and Brandon talking business and his jokes. Truly one of a kind. We all agree that things just have not been the same without him. However, we are eternally grateful for his example.

**Richard J. Parsons (1961-2023)**

**2- We remember**

## Clean Team Movement

It's that time of year. The Clean Sweep Team is recruiting Team Players! If you or someone you know feel qualified to join the team. The time is NOW!!

- Critical Independent Thinkers
- Problem Solvers
- Detail Oriented
- Scheduled/Organized and on-time
- Determined leaders

All need to apply! **BUT FIRST**, ask yourself

1. Will you **commit** to doing it right the first time?
2. Will you **commit** to quality service, every time?
3. Will you **promise** to leave every property better than you found it?
4. Will you **commit** to **The Clean Sweep Team** Standard of quality and service?

If you answer yes, **APPLY NOW!**

**Email:** [thecleansweepteam3@gmail.com](mailto:thecleansweepteam3@gmail.com)  
Or visit [www.thecleansweepteam.com](http://www.thecleansweepteam.com)

**APPLY NOW**

### Season 2024

## Pollen Season is Here!

**Pollen: The most common trigger of allergies, each spring, summer, and early fall. Pollen leaves an unattractive hue on patios, decks, and even inside of the home. Don't let the ugly side of the season, bring on seasonal allergies!**

**Call the professionals, 443.859.1175**

### Serve Pollen an Eviction Notice

Quick and effective ways to rid your home of pollen.

- **Call The Clean Sweep Team, 443.859.1175**
- Keep windows closed.
- **Mixing warm water and dish soap** creates a simple yet effective cleaning solution to remove pollen.
- For a more natural route, **vinegar mixed with water** is another great choice.
- Use a **damp cloth to clean** tops of doors, windowsills and window frames.
- **Vacuuming** your floors, drapes, and pillows

### Patios and Decks:

- **Mix warm water and dish soap.** Scrub with a brush then rinse thoroughly.
- **Use a garden hose** to spray each surface, including furniture. For deep cleans, follow with a wet rag doused in a lather of dish soap and give the items a good scrub. Towel dry furniture, be sure to air dry your cushions.

### Pollen is important, but it's a nuisance!

**According to the Centers for Disease Control,** "Pollen is the grains or tiny seeds of flowering plants, trees, and grasses. These seeds can be carried on the wind and can cause various symptoms, or none at all, in individuals who are exposed to them. "

**According to most of us with allergies,** pollen can be a nightmare. The best we can do is limit our contact with pollen. **Avoid lawn mowing, weed pulling and other gardening chores that stir up allergens, without wearing protective gear.** Remove clothing you've worn outside and shower to rinse pollen from your skin and hair. Don't hang laundry outside, pollen can stick to sheets and towels. **Stay indoors in the morning, if possible,** grass pollens mainly circulate in the morning.

**According to the allergy asthma network,** across the United States, **May** is typically the worst month for allergy sufferers. Most of the country sees elevated pollen counts, in May. The **lowest pollen count is towards late afternoon into the early evening.** This can be relative because when the pollen count is very high, even though it decreases as the day progresses, there will still be a relatively high level of pollen still held in the air.

**Find a Natural Relief!** Drinking plenty of water daily can be especially beneficial when you're struggling with allergies<sup>5</sup>. Your body produces more histamines (the chemicals that lead to allergy symptoms) when it's dehydrated. Drinking water may potentially help reduce your allergy symptoms.

## Our commitment to teams and partners

We are contractually and morally committed, to providing a high-level quality of service, to our clients and partners. Through training and other materials, we strive to create a "do it best the first time," team environment. We want you to be and feel successful at all you do with The Clean Sweep Team.

Thank you,

**Latif M. Schofield**
